#### INTERCOLLEGIATE ROWING TITLE GOES TO HUSKIES

Navy Eight Finishes Length Behind Westerners in Second Place; Columbia Crew Is Third

POUGHKEEPSIE (N. Y.) June 28.—A crew of stalwarts from the slopes of the far northwest wrote new history into the annals of the regatta here on the Hudson a western eight won the variety race, and that crew was Washington.

Washington first, Navy second, Columbia third—that that the story of the main race in simplest terms. The westerners lead the variety race, and that crew was Washington.

#### Lockard's Case Against Prexy Is Dismissed

SAN FRANCISCO, June 28. The case of Charles Lockard of the Seattle ball club against William McCarthy, attorney for the Federal court here, was dismissed today on motion of Raymond Benjamin, attorney for Lockard. The case was dismissed without prejudice, Judge Patridge signing the order.

#### CINCY REDS SIGN UP HOLY CROSS PITCHER

WORCESTER (Mass.) June 28. Harold P. Gill of Brockton, pitcher for the Holy Cross College baseball club, today signed a contract to pitch for the Cincinnati Reds and will join the team in Pittsburgh.

#### GIBBONS PUTS IN GREAT LICKS

Boxes Fifteen of Hardest Kind of Rounds

Is in Wonderful Shape and Very Confident

Maj. Johnson Off to Get Lacking Funds

BY BILLY HENRY

"Times" Staff Correspondent (EXCLUSIVE DISPATCH) SHELBY (Mont.) June 28.—While Mayor Johnson and other leading forces of this region were trying to raise the final \$100,000 out of stony-hearted citizens of Great Falls today, Tommy Gibbons put in fifteen rounds of the hardest kind of work in preparation for his fight with Jack Dempsey for the heavyweight championship of this here blistering universe.

#### TAKES A TROT

Gibbons took a long trot along the road this morning and went through the customary work in the afternoon with a big crowd looking on. Tom apparently has left the matter of raising the necessary money in the lap of the gods and apparently has no more on his mind but the well-known Gibbons pompadour. Seven fast rounds of rope skipping, bag punching, pulley training and mauling were followed by eight sparring rounds of boxing with Gorman. Delaney Manley and Tillie Kid Sherman.

#### FEELS FINE

Gibbons was feeling fine this afternoon and tore into his sparring partners with a little more ferocity than is customary. He was ripping left deep hooks into the stomachs of these assistants and was chopping his right to the jaw and stomach in the clubhouse in good shape. Gibbons presented himself well at close quarters as well as at long range and it is a good thing that he does as one good steamy walk from Brother Dempsey's mitt will slow Gibbons or anybody else down from a gallop to slow walk.

#### THICK AS FLIES

Rumors regarding the financial situation of the fight are as thick as flies around the hot day stands. About 75 per cent of the scribbles have just about given up the ghost and no longer worry about the money or where it is coming from. They have it all doped out that if the money isn't put within twenty-four hours the fight will be a "blower" no matter when it's put up. It doesn't have to be put up until midnight Monday.

#### LEW TENDLER IN LIGHT WORKOUT

CHICAGO, June 28.—Lew Tandler, preparing for his fight with Sailor Freedman at Michigan City, July 4, contented himself with a light workout here today after his arrival from New York. He will start training in earnest tomorrow with a schedule of from eight to ten rounds of boxing each day. His work tomorrow will be done in Michigan City where he expects to go early in the day. Freedman already is at Michigan City in training.

THE FIGHT HAS SO THOROUGHLY ENGROSSED THE MINDS OF THE SHELBY CITIZENS THAT THEY STAGE FIFTEEN ROUND WORD BATTLES ALL OVER TOWN.

— AND NOW IT LOOKS LIKE ANOTHER SAD CASE OF TOO MANY COOKS.

#### JACK'S SPEED IS WONDERFUL

Champion is Seen at His Best in Workout

Musses Up Sparring Mates in Rough Fashion

Has Moore and Godfrey on Hospital List

BY A. P. NIGHT WIRE

GREAT FALLS (Mont.) June 28.—Forgetting all about the financial worries of the big Fourth of July battle, Jack Dempsey went through a highly impressive workout under a blistering sun today, boxing six bouts with such speed and smashing attack that critics who, a day ago, thought the champion was slow and out of condition, left the camp astonished at the form Dempsey displayed.

#### CHANGES PLANS

The plan to use only the lighter sparring partners in the final days of training was discarded by the champion, who boxed two rounds each with Jack Burke, the Pittsburgh light heavyweight, and Harry Drake, the British heavyweight, winding up with a round each against Connie Curry, the 115-pounder, and Herman Auerbach, a welterweight of Salt Lake City.

#### SPEED HIM UP

Dempsey attempted to hold himself in restraint while boxing with Curry and Auerbach. He engaged these lighter sparring mates to speed him up and contented himself with retreating while ducking the punches the fast-moving youngsters threw at him. Dempsey either picked up his blows, so that the little fellows missed often.

#### HUTT MARTIN LEAVES FOR EASTERN TOURNEY

Hutt Martin, winner of the Southern California professional golfer's tourney, leaves for New York today, accompanied by his brother Joe. He will spend a week or so there in preparation for the national open, which is to be held at Long Island next month.

#### PAIR MEET TODAY FOR GOLF TITLE

WASHINGTON, June 28. Two New York public links golfers, one of them a former caddy and a chum of Gene Sarazen, open champion, reached the final round today in the national public links championship.

Mrs. Mallory Exhibits Fine Tennis in Singles

TRY CABLE AND ASSOCIATED PRESS WIMBLEDON, June 28.—Twenty thousand tennis devotees crowded the stadium at Wimbledon today to watch Vincent Richards, the youthful American star, in his match with the dashing young Frenchman, J. Brugnon. Richards winning handsily, 6-4, 6-1, 6-2.

#### FAVOURITES ALL WIN

Everything else today came off just as expected, the favorites winning in each match. Thousands were unable to get inside the enclosure and so watched the matches on a dozen outside courts. Every seat and every bit of standing room was occupied while Richards, with great dash, terrific speed and artful strokes, disposed of the Frenchman.

#### RICHARDS-JOHNSTON

Tomorrow, if the schedule permits, or perhaps the next day, Richards will face William Johnston of England, whom she defeated, 6-4, 6-0. Mrs. Mallory showed her very best form in the second set, which she captured without losing a game.

Japanese swimmers won all six races in the Far Eastern aquatic sports held recently in conjunction with the athletic events at Osaka, Japan.

# PRISONER MUST PAY PENALTY

Paris, to be Hanged Today, Denied Clemency

for Murder of Man in Fresno Last Year

in Statement Says he is Convinced of Guilt

at San Quentin tomorrow for murder, and was fully convinced of the man's guilt and would let the law take its course. The Governor said:

"Paris shot Felix Paladino on the streets of Fresno in May of last year. After the first shot Paladino turned and fled, screaming for help. Paris followed, shooting his automatic pistol, and hit his victim four times, the last shot entering the back and coming out of the abdomen. This shot stopped Paladino. Paris caught up with his victim, bent him over a street railing, and brutally beat him on the head with the weapon until bystanders pulled him off. Seven shots were fired and one shot hit a man in the crowd. Paladino died two days later after suffering great agony."

**MANY WITNESSES**  
"There were numerous witnesses to the bloody murder. A jury found Paris guilty and the judge sentenced him to death. The judge

denied a motion for a new trial. The Supreme Court reviewed the evidence and found it sufficient to warrant the penalty imposed by the judge and the jury. A number of affidavits have been presented to me on behalf of the defendant and several affidavits in rebuttal have been filed. The murdered man had a good reputation for peace and quiet and was good-natured, pleasant and popular."

**APPROVES VERDICT**  
"The murderer by his crime made one widow and left four small children without a father's support. The unfortunate widow has her little brood of 3, 7, 3 and 10 years of age to support."

"After a careful review of the case, and full consideration of the points raised by the prisoner's able attorney, I can see no reason why the verdict of the jury and the sentence of the judge should not be executed. Society must be protected from such acts of lawlessness. Wives

and children, who are always the chief sufferers from crime, must be safeguarded. The execution of Paris will be a warning to men of his type that they cannot run amuck in California, murdering peaceable citizens and wounding bystanders in crowded city streets without paying the penalty imposed by law."

## HELD ON CHARGE OF RESISTING OFFICER

Franklin Farnum, said to be a brother of Dustin Farnum, motion-picture actor, was held to answer yesterday by Justice Lowe of Glendale on a charge of resisting an officer. It is charged that Farnum resisted arrest on a misdemeanor charge. L. B. Munn was the officer and the affair is said to have taken place the 10th inst. Farnum furnished \$500 bail pending his hearing in Superior Court.

## CHICAGO TO BE CENTER FOR WHEAT

Grain Men Decide to Take Honor Away From Liverpool in Near Future

(EXCLUSIVE DISPATCH)  
CHICAGO, June 28.—King Wheat's throne, which now stands in the center of Liverpool, is to be torn up and transplanted in Chicago, according to plans outlined today by the National Wheat Council, in session here. It is claimed the American wheat grower would fare much better at the hands of this world-wide ruler if the royal seat is moved to the producing district and covered with a made-in-America canopy.

At the close of today's session, announcement was made that permanent organization with executive offices in Chicago had been decided upon. The new organization will be incorporated and will engage in all forms of activity that may promote the welfare of wheat farmers in the United States.

"The Council will try especially to make America the market center for American wheat, instead of Liverpool, where the price of wheat is now fixed," says the statement by the committee. Application for a charter was signed by a number of men prominent in the railroad and farm-implement manufacturing line, the packing industry and representatives of the great farm organizations.

**THUGS WAYLAY YANKEE**  
(BY CABLE-EXCLUSIVE DISPATCH)  
BARCELONA, June 28.—A foreigner who is believed to be either an American or a British citizen was waylaid here in the streets yesterday and left for dead by a group of gunmen. The incident is regarded as the last straw by the foreign colony, which has suffered through the laxity of the Spanish government in dealing with the strike situation.

(BY CABLE-EXCLUSIVE DISPATCH)  
TOKIO, June 28.—Senator Walsh of Montana, in an interview on Ambassador Hanhira's intentions of bringing up the status and treatment of Japanese residents of the United States, declared that any attempt to make a treaty depriving the States of their present legislative rights was doomed to failure. Mr. Walsh sees no reason for dictating to California what property or school laws she is permitted to have.

"If California needs a necessity for sending Japanese children to special schools and prohibiting the further acquisition of land by Japanese, I see no justification for the people of Montana or Massachusetts saying 'no' to it," he said.

"We have long had in America the negro problem, which is far more serious than the Japanese problem," he said.

The case was that of Ok. Okhara, arrested in Placer county on a complaint charging conspiracy with Tom Viscenzo to violate Section 10 of the alien land law. It was asserted that the two men agreed that Okhara should work twenty acres of land for two years, making it ready for planting. He was to be paid \$50 per acre for his work and one-half the profit when the land became productive.

The defendant petitioned for a writ of habeas corpus, which was granted today and the prisoner discharged. The court was asked to consider two questions: Whether the alien land law had been violated by the agreement, and whether or not the law itself was in violation of the Constitution. In its decision the court held that the validity of the law already been upheld and that the transaction in question did not violate it.

## JAPANESE CONTRACT HELD VALID BY COURT

AGREEMENT TO WORK WHITE  
MAN'S LAND DECIDED  
TO BE LEGAL

(BY A. P. NIGHT WIRE)  
SAN FRANCISCO, June 28.—A contract between a white man and a Japanese, whereby the latter is to settle upon agricultural land for the purpose of preparing it for planting, receiving wages for his work and sharing in future profits on an equal basis, is not a violation of the law, the Supreme Court decided today.

The case was that of Ok. Okhara, arrested in Placer county on a complaint charging conspiracy with Tom Viscenzo to violate Section 10 of the alien land law. It was asserted that the two men agreed that Okhara should work twenty acres of land for two years, making it ready for planting. He was to be paid \$50 per acre for his work and one-half the profit when the land became productive.

The defendant petitioned for a writ of habeas corpus, which was granted today and the prisoner discharged. The court was asked to consider two questions: Whether the alien land law had been violated by the agreement, and whether or not the law itself was in violation of the Constitution. In its decision the court held that the validity of the law already been upheld and that the transaction in question did not violate it.

**Fourth to Bear Name  
President Arrested in  
Westlake Park**

U. S. Grant IV, grandson of the President and son of U. S. Grant, Jr., millionaire owner of the U. S. Grant Hotel in San Diego, was arraigned in Police Court before Justice Chambers yesterday on a charge of social vagrancy, following his arrest late Wednesday night at the Westlake Hotel. His companion, a Westlake cook, Frank Remus, a cook, Mr. Grant pleaded not guilty and the case was continued until this afternoon for the hearing of a third day.

The charge was denied by Mr. Grant, who insisted that his arrest was a case of mistaken identity. It was his contention that he was not the person charged with the crime and to prove his innocence, he said yesterday. The arrest was effected by Patrolmen W. J. Jolin and C. F. Morgan.

Mrs. Grant visited her husband at the City Jail Wednesday night and professed her belief in his innocence, appearing in court at noon yesterday with \$250 bail money, upon which Mr. Grant's release was obtained.

Attorney Vinton A. Holbrook, representing the Grants in another case, was retained and appeared in court, requesting the continuance.

Mr. Grant declined to discuss his family relations, admitting only that he was connected with the San Diego Grants, but neither affirming nor denying that he was the former President's grandson. He admitted that he was the same man who had brought suit against Frank G. Flickinger for asserted damages as the result of an automobile accident. That Grant, it was established, was a member of the famous family.

U. S. Grant, Jr., the San Diego hotel owner, is now in Europe. A long-distance call to San Diego elicited the information that U. S. Grant IV is supposed to be in Los Angeles, and a physical description fits the man arrested.

The suit of Mr. Grant against Mr. Flickinger for damages for injuries asserted to have been sustained by Mrs. Grant in an automobile accident was stricken from the calendar by Judge Hewitt in Superior Court yesterday.

## JULIAN BUYERS ARE CAUTIONED

Commissioner Specifies Oil Refinery Case

Subterfuge is Hinted; No Permit Granted

Brokers Are Requested to Cease Sales

The following statement was issued yesterday by Corporation Commissioner Daugherty:

California investors are warned that the stock offered in the Julian Petroleum Corporation—Julian refinery project—may be determined by the courts to be invalid. This Julian Petroleum Corporation has no permit to sell stock in the State of California, but has an application pending.

This stock, which is being offered through brokers, in the opinion of the department has been issued by a method which may prove a subterfuge and may be void.

**ASKED ABOUT DEAL**  
Approximately three weeks ago C. C. Julian through his attorneys, Lewis, Fleming and Goodwin, applied for a permit to sell stock in the Julian Petroleum Corporation—a refinery project.

The attorneys and the company were asked to disclose to the department what their supply of oil would be, what their franchise and transportation facilities were, what processes would be used and how the production would be disposed of.

Up to the closing of office hours of the State Corporation Department on Thursday, June 23, 1932, these questions had not been answered to the satisfaction of the State Corporation Department. Many answers were given, but where specific answers could have been made.

A controversy has arisen between the department and the Julian Petroleum Corporation. Instead of availing themselves of the quickest legal remedy—a writ of mandamus—to compel the commissioner to show cause why said permit should not be issued, attorneys for this company have advised the corporation department that while the application was pending in this office, they took the directors to a hotel in Las Vegas, Nev., and there issued to C. C. Julian a large block of stock.

Courts have been asked to issue this action to be a subterfuge which will void the stock issues.

**CAN SELL OWN STOCK**  
Now the Corporate Securities Act provides that a broker can sell personally owned stock in the State of California without a permit. It is well known to this particular firm of attorneys, because D. P. Goodwin was a former chief deputy of the department, that it would take days and weeks to call in all the brokers and request them to show cause why their brokers' licenses should not be revoked for offering this stock for sale, if it were determined that it was a fraud.

We, therefore, assume that this method was pursued instead of regular legal procedure so that Mr. Julian could dispose of his holdings and obtain possession of the money for said stock. In the meantime, the corporation department might be left powerless. The fact that the application was presented to us and that we have a full knowledge of their proposed scheme of business and know that some of the representations made to the corporation department have not been clearly substantiated and that there is a grave question on other essential representations, it is the opinion of the legal counsel that the directors' meeting in Nevada may prove to have been a subterfuge and therefore the stock void.

It is, therefore, the request of the corporation department that all persons interested in purchasing stock in the Julian Petroleum Corporation or have resold their stock with subscriptions until the legality of said stock is determined.

All brokers operating under a license from the State Corporation Department are requested to cease the sale or offering for sale of Julian Petroleum Corporation stock.

## JAZZ QUEEN WILL APPEAR AT DANCE

Miss Marion Harris

Returning to Los Angeles after an absence of several years, Miss Marion Harris, acclaimed as "queen of syncopation," will open a limited engagement at the Club Royale next Sunday evening at a dinner-dance.

Miss Harris, formerly a favorite on the Orpheum and Keith vaudeville circuits, has recently been touring with the famous Brunswick records, which have proved unusually popular. The records have proved conclusively that her "blue" songs can be put over without a glimpse of her, but her personal appearance is also most satisfying, as the photograph indicates.

One New York dramatic critic wrote, "If someone could only fix a picture of Marion Harris's image could be shown while her records are being played, people would doubly enjoy them."

**ASKS BOARD TO CALL FOR REPAYMENT**  
School Auditor Advises That Dr. Lickley Should Refund \$119.24

Auditor Levy, of the city Board of Education, yesterday recommended to the board that Dr. E. J. Lickley, assistant superintendent of schools, be asked to repay to the Los Angeles School District \$119.24 asserted to have been overpaid on his expense account, following his trip to Boston last July when he attended the convention of the National Educational Association as a delegate from this city.

The asserted overpayment represents the difference between the price of a double compartment and a single Pullman berth to the Atlantic coast and back. Mr. Lickley was asked to repay to the school district the amount of \$119.24, whereas, the auditor contends he should have been paid for a berth merely, which would be \$59.01, or \$119.24 less than his voucher was made out for.

Hope for the depiction of the so-called single salary schedule for teachers were put off another year when the board approved the salary schedule for the coming year on approximately the same basis as the schedules now in effect. Only minor changes in some of the higher administrative offices were made in the new schedule. According to the single salary schedule high and elementary school teachers having the same educational qualifications and experience would receive the same salary.

**FUGITIVE IS NABBED ON BOARD SHIP**  
Chase of 6000 Miles for Assorted Slay to End at Harbor Here

A 6000-mile hunt will end at Los Angeles Harbor at noon today with the arrival from Providence, R. I., of the Mallory Line tank steamer Swiftstar. Harold A. White, alias Harris A. Watson, wanted for the asserted murder of a Warwick (R. I.) shopkeeper on the 4th inst., is in irons on board the vessel and will be taken into custody at this port by local police on a telegraphic warrant from Chief of Police James Ahern of Providence.

A radiogram, carrying a description of White to all ships which left Providence after the 4th inst., was picked up by the Swiftstar just before reaching the Canal. Capt. A. L. Hall recognized the description as that of a seaman who had shipped on his vessel as Harris A. Watson and immediately placed him in irons after he is said to have confessed his identity.

In a dispatch to Chief Ahern yesterday, Chief Ahern said officers will be sent here from Providence to bridge back White after news is received of his arrival.

**LARCENY IS CHARGED**  
Negro Accused of Theft of Sewing Machine

Clarence Stevenson, alias Henry Brown, a negro, was held to answer by Justice Forbes yesterday on a charge of grand larceny. Stevenson is charged with the theft of a sewing machine from Homer L. Hatch, 304 South Broadway. Witnesses testified that Stevenson made a practice of buying sewing machines, pianos, and victrolas on contract, destroying the contract and then selling the articles. Pop Dist. Atty. Burton prosecuted the case.

**PROMINENT MINISTER HERE**  
Dr. Ray Palmer of Kansas City, former pastor of the Baptist Temple Church, arrived in the city yesterday with his son Noyes for a brief visit with friends. From this city Dr. Palmer will go to Portland, where at one time he was pastor of the First Baptist Church. He was also pastor of a Baptist church at Stockton for six years and is widely known in California.

## HUSBAND HELD IN WIFE'S DEATH

(Continued from First Page)

to Mitchell, another neighbor, called at the Ackermans home to accompany Mrs. Ackerman to a theater. She told Detective Lieutenant Jarvis Smith and Sheriff that Mr. Ackerman was alone. She asked for Mrs. Ackerman.

"She's in bed," Ackerman told her.

"Is she sick?"

"No—but you'd better get an ambulance," Ackerman is said to have retorted.

Ackerman said he did not visit his wife's bedroom during the night. He slept in another room. He said he did not awaken until late yesterday afternoon. He entered Mrs. Ackerman's room and ran screaming from the house.

"My wife murdered herself!" The neighbors found the house filled with gas. All the windows were closed. Mrs. Ackerman was dead, crumpled up on the bed, covered with blood and bruises. Traces of blood were on the floor and on Ackerman's pillow. One of the neighbors said he saw her badly swollen, and the left shoulder had been painfully bruised. Chairs were overturned, glassware had been broken.

Ackerman insisted his wife had committed suicide. But there was no evidence to the belief that Mrs. Ackerman was beaten to death and that the gas was later turned on to conceal the crime.

The police after an investigation scouted the suicide theory. They expressed the belief that Mrs. Ackerman was beaten to death and that the gas was later turned on to conceal the crime.

**FIND WOMAN DEAD IN CAR NEAR LINKS**  
Bullet in Temple and Revolver Near By Point to Suicide

The body of Miss Maude A. Foster, 28 years of age, was found in an automobile standing in a roadway near the golf links of the Flintridge Country Club yesterday afternoon, and Pasadena police are investigating the case.

Identification was made by C. S. Meade, an automobile salesman of Glendale, who stated that Miss Foster purchased the automobile in which her body was found last week, and at the time appeared to be in good health and spirits. Her mother is said to reside in San Francisco.

The body was found by E. T. Winland, 34 Concord Court, Pasadena, and he immediately notified the police of that city. Sgt. J. Weir and Murphy and Officer Bernhardt, couldn't recollect any trip to Redlands, San Diego or elsewhere. His mind was a blank until he awoke in the cemetery.

She had been in the car for some time, he was informed by friends that he was a bridegroom, he stated he called upon his bride the next day and was informed by her that she had been in the car. He denied that June 27, 1931, was the official date of their separation.

Winning his mind became a blank, how he happened to select a cemetery as a place of repose, Mr. Walker could not explain. Yesterday Detective Harry Dehm represented the defendant and R. F. Shippe the plaintiff.

certificates, the public to be admitted on Tuesday.

The Los Angeles Committee of One Hundred on Pan-American Education has been designated Saturday, July 21, as their special day at the exposition.

Arrangements are being made by Capt. Richmond F. Hobson, secretary of the committee, for a monster meeting to be conducted in the exposition auditorium. A motion picture depicting the evils of the narcotic traffic will be exhibited and several speakers will talk on the subject.

Plans also are being made for a downtown parade the noon of July 21, headed by Boy Scouts and school children.

Work was received here yesterday that the Dons of Peralta, Oakland Festival Association, will come to the exposition, 150 strong. The trip south will be made by automobile, it was stated, and in the party will be most of the board of governors of the organization, which includes Charles A. Beardsley, H. C. Capwell, J. F. Carlson, R. C. Furse, Max Horvinski, H. K. Jackson, Arthur W. Moore, Dr. George C. Pardee, F. F. Porter, Carleton R. Schmidt, S. B. Swain and J. Maxwell Telf.

**WILL WEAR COSTUMES**  
The Dons of Peralta will be dressed in their Spanish costumes. They are scheduled to appear at the exposition Tuesday, July 24.

Announcement was made by exposition officials that patron's certificates are on sale at California Bank, Eighth street and Broadway; Citizens' National Bank, Fifth and Spring streets; Balboa Hotel, Seventh and Olive streets; First National Bank, Seventh and Spring streets, and the Los Angeles Athletic Club, Seventh and Olive streets.

The patron's certificates entitle holders to attend the premiere as well as all other days of the exposition.

et itself. It was explained that the top of the subway construction would cause the destruction or removal of the larger trees, but that it would not interfere with the planting of shade trees of a different variety.

**OBJECTS TO PROJECT**  
Herman Lichtenberger, presiding officer of the Native Sons here, protested against the Pershing Square project, altogether. He raised the question about the title of the park land, whether it had been public land or donated to the city by some individual. City Attorney Stephens said the State Supreme Court had decided it was public land and thus not subject to any donor's stipulations, but that before the project was actually undertaken he would see that abstract had been obtained for the protection of the city government and of the traction company.

It is expected that the council will instruct the proper engineering authorities to look into the matter at once, with the plan of the proposed project as a basis, prepare a report.

Mr. Shoup requested a prompt decision by the Council for the location of the terminal, because the voters' decision was merely advisory to the Council, taken at the suggestion of the City Attorney, so as to remove any legal difficulties that might arise in the disposition of public land.

It was brought out in Mrs. Walker's testimony that on or about May 20, 1931, Walker took her to San Bernardino on business connected with his interests—honey bees.

The honey trip turned into a honeymoon, however, after the couple had been united in marriage by Judge Dorah of San Bernardino, then of the Superior Court but now of the District Court of Appeals.

BY BEN A. MARSHALL  
A platoon of disabled veterans from the California Hut dedicated the Times studio in the afternoon last night, capturing the microphone and entrenching themselves for the program. Zero was 9 p.m. Following a brief introduction through the microphone and radio broadcast by storm troops who went over the top with music.

It was a great victory. The studio included several lines of who laughed themselves into stitches and many who suffered loss of dignity. The studio was a real war zone.

One would scarcely imagine that a bunch of buddies, natural ornaments of shrapnel fragments—they took advantage so much as a matter of course. Some of them with that husky voice of a drum of Hain's gas export program.

The program represented a night in the trenches during the war. The program was a success. The studio was a real war zone.

Norma Gregg, splendid soprano, who recently turned from a concert tour, the part of a Red Cross nurse. Her singing was a lovely feature of the evening.

Rayley Chapman, president of the California Hut, and all of the members suffered disability in war. Mrs. Alice E. Hall, executive secretary, has been with the hut since it was first organized.

A platoon of disabled veterans from the California Hut descended upon the Times studio in skirmish formation last night, captured the audience and entrenched themselves for the program. Zero hour was 8 p.m. Following a barrage of war cracks and laugh bombs, the platoon moved through the ether and took possession of the studio. The veterans, who were dressed in military uniforms, were the first to speak. They spoke of the hardships of war, the loss of comrades, and the struggle for peace. Their voices were clear and strong, and they spoke with a sense of pride and honor. The audience was captivated by their performance, and many were moved to tears. The program was a success, and the veterans were praised for their bravery and sacrifice.

It was a great victory. The veterans, who had been through the horrors of war, were now being honored for their service. The audience was in awe of their courage and sacrifice. The program was a testament to the bravery of the veterans and the importance of their service. The veterans were the heroes of the night, and their performance was a masterpiece. THEY WOULD SCARCELY HAVE been the husky, good-looking bunch of luddites carried off by the storm, and the fragments—they took their place as much as a matter of course. Some of them spoke of the hardships of war, the loss of comrades, and the struggle for peace. Their voices were clear and strong, and they spoke with a sense of pride and honor. The audience was captivated by their performance, and many were moved to tears. The program was a success, and the veterans were praised for their bravery and sacrifice.

## "Uncle Remus" in a Yosemite Program Tonight at KHJ

Burkman Brothers Hawaiian Quartette  
Matinee Musicals Arranged by Ines Briceño, Pianist  
Synchronization at Noon

on the program were Len Lennard, Harold Houghton, Charles Moore, John S. Halloran, Dave Meyers, Moss Furman, Nelson Bushy, Raleigh J. Titchfield, Vestman Stanley, R. Crystal, George Fortier, Fred L. Hule, Walter Giles, J. L. Mersfelder, N. W. Moyer, Mr. Hunter, Mr. Fort, J. D. Newell, Eugene Black, Albert Holter and Clarence Payne.

Nelson Bushy, one of the singers, wrote the continuity and jokes for the program and was stage manager of the trench effects. He touched the serious business of the sketch with the light-hearted spirit that characterized the Yanks in action. "Sunshine of Your Smile," and "Rose of No Man's Land," were his song contributions.

There were solos and vocal trios by Mr. Bushy, Charles Moore and J. S. Halloran. "Mother," and "My Beloved," were two of Mr. Halloran's numbers. Raleigh Titchfield, handi, sang "Annapolis in the Deers." Len Lennard presented whistling solos, George Fortier gave readings and Eugene Black was the bugler. String quartet numbers were played by Messrs. Newell, Fort, Hunter, and Crystal. F. R. Semt, steel guitarist, favored with "Weepers," and "Aloha Oe." H. G. Noble came through with a melody on his harmonica.

HUMAN MOCKING BIRD  
The matinee program was presented by Naomi Swensye Brown, whistler, known as the "human California mocking bird." She presented several of her whistling pupils in solo, trio and novelty numbers.

Raymond McPeters, a well-known pianist, provided the piano accompaniment for the program. The Birdland whistling "Voices of Spring," by Strauss, Silvia and Josephine Osborne, sisters, favored with a duet, "The Sunshine of Your Smile."

Other solos were: Maud Russell in "Spring Dance," Fern Byram in "Melody in F," and a series of beautiful selections by Mrs. E.

**KHJ Fans Hear Jazz Concert at Noon Hour**

Dance-provoking syncopation featured the noon program at KHJ yesterday noon. The jazz concert was given by Vincent Rose, Jackie Taylor and their Montmartre Orchestra from the Montmartre Cafe in Hollywood.

The orchestra is made up of first-class soloists who combine to bring out melody in an attractive manner. Vincent Rose is well known as a composer of popular songs, and a number of his compositions were prominent on the list of selections, including "Silver Canoe," "Golden Hour," "String Bean" and "Love Tales." "Love Tales" was formerly known under the working title of "Leonora."

Popular numbers by Owens and Johnson were also given. The orchestra played "Out of the West," by Prof. Moore, saxophonist, and later Prof. Moore favored with a saxophone interpretation of "Good-bye," by Fosti. He was given orchestra accompaniment in this selection.

**CELEBRATE LIGHTING**

Main Street Improvement Body Gives Program Tonight

Completion of the new street lighting system on Main street, between Daly and Eastlake avenues, will be celebrated this evening by the Main Street Improvement Association with a varied program of music, street dancing and speeches. Mayor Cryer will deliver the principal address at the outdoor meeting and will switch on the new lights. Gordon Whinnell, director of the City Planning Commission, and R. Holtby Myers will also speak. Frank M. Calvill will act as chairman of the meeting, which will be conducted at the corner of North Main street and Griffin avenue. Street dancing will conclude the program.

**WIFE SUES ASSYRIAN**

Because she said her husband, an Assyrian, attempted to make her adopt customs of his native country, Mrs. Lillian Kayat is seeking a divorce. Such was the substance of a complaint filed yesterday in which it was asserted that George Kayat, the husband, compelled his wife to live with his relatives and conform to their customs, which included the eating of raw meat.

OPENS ROOM FOR CHILDREN  
Proceeds to Benefit Crippled Tots

Mrs. Arthur Wright

**"COCINO de los Niños"** (The Kitchen of the Children) is the name of the charming tea room whose opening today at 2400 South Flower street is a social event with Mrs. Arthur Wright, chairman of arrangements and permanently in charge of the tea room. It is hoped that the proceeds will enable more crippled children to have care and nursing in the Cripple Children's first dinner at 6:30 tonight.

**Protect the Walls**  
It is well to arm oneself with a small piece of tin or a thin piece of wood when washing the baseboard of a room. It can be slipped along as the woodwork is scrubbed and save many a mark on the wallpaper.

**Just the Dress**  
A good way to tint a dress another color and keep the lace in section the original white is to melt a tablespoonful of paraffin and pour over the white lace completely covering it on both sides. When this is cold, tint as usual. When the dress is dry over the lace, with a blotter protecting it on each side, it will come out beautifully fresh and white. The dress can then be pressed in the usual manner.

**Dried Cake**  
If the sponge cake has dried out a bit, it can be sliced and served as a dessert with chocolate or lemon sauce poured over it.

Almost every kitchen garden has its row of peas. And lucky is the housewife who has enough peas to can as well as to serve on the table. Peas are a little more difficult to can than the other vegetables, but success can be gained by following these directions carefully:

**To Can Peas.**—Use only fresh, young peas. Gather them in the early morning if possible and can them at once. At least, do not let them stand long after shelling. Sort them over, putting peas of the same size together. Be sure not to use hard, ripe peas among very tender ones. This is important because the very young, tender peas need scarcely more than two minutes of blanching, whereas the very old ones may need twenty minutes of blanching.

For ordinary, tender peas, however, blanch from three to eight minutes—three minutes for the small ones and eight minutes for the larger. This blanching water should contain one teaspoon of baking soda to every gallon. "Cold-dip" the peas in water containing one tablespoon of salt to every gallon, let them remain in the salty water from twenty to thirty seconds. Drain and pack in sterilized glass jars.

Do not pack your jars too full of the peas, as that may cause them to burst during the processing. Put one and one-half level teaspoons of salt and sugar (mixed) into each quart-size jar. Cover the peas in the jar with boiling water to within one-fourth inch of top, place a new rubber on the jar-rim and adjust glass cover.

**Processing.**—The intermittent method of processing has been found safer for peas (as well as for asparagus, beans and corn) than the one-period method. By the intermittent method the jar of peas is boiled in the canner for one hour on each of three successive days. During each of these three periods of boiling the jar of peas is up over the glass cap, but the side wire is not pressed down; at the end of the boiling period the jar is completely sealed—that is, the wire is pressed down and the jar is taken from the wash-boiler canner and allowed to stand overnight in ordinary room temperature. In the morning the side wire is raised so that the jar can be boiled, or "processed," exactly as it was before. After the third processing, the side wire is pressed down permanently, the jar inverted to cool and test for leaks, then labeled and stored. It will pay the housekeeper to go to this

## In My Garden.

By Jessie A. Curry

Of the plants in my garden which seem to thrive both in sunshine and shade the lily of the valley stands out most prominently as possessing these qualities. No garden should be without these dainty, fragrant flowers, and I think if everyone knew how easily they are raised you would find a planting of them somewhere in every garden. As a filler for an unused corner either on the shady or the sunny side of the house, they will be found useful, but they are particularly good on the shady side. A dozen slips set out a foot apart will quickly become a mass of plants and bloom freely each season. In setting the slips allow the tip to be at the surface of the soil. One great advantage of lily of the valley is that they are seldom troubled by drought and if you go away for the summer and other things in the garden perish for moisture, you will, upon your return, find the lilies continuing to thrive. I have them in the garden not to disturb the plants except only once in every four or five years and then only do it when they become so crowded as to interfere with the development of the flower.

SHIP WITH RUM  
EN ROUTE HEREBritish Liner, Due July 27,  
First Under New RuleReported to Have Full Quota  
of Spirits on BoardPort Collector Putnam Will  
Make Vessel Dry

Los Angeles Harbor, enjoying a place in the sun on the Great Circle Route to the Orient, will be the last port on either coast to be directly affected by the Supreme Court ban on liquor imports, according to port customs officials. The first foreign vessel to come directly under the ruling will arrive here from Antwerp on July 27, six weeks after America placed the ban on liquor at sea.

She is the British steamer Cardiganhire, crack liner of the Royal Mail Steam Packet Line's passenger and freight service to the Pacific Coast, and sailed from the Belgian port for Los Angeles direct. Advice to her agents are to the effect that the Cardiganhire had her usual quota of wines, spirits, ale and beer on board when she departed.

## WILL SEIZE LIQUOR

Collector of Customs Putnam will put a squad of inspectors on board the big Britisher when she reaches quarantine here to determine whether she is in a state of proper aridity. Every ounce of liquor aboard will be seized, declared Mr. Putnam.

Several small Mexican steamers in West Coast-Pacific service have called here since the 10th inst. Mr. Putnam said, but added that these craft have all taken precautions to send their stores of spirits ashore at Ensenada on the way north. They were not searched. More than fifty foreign offshore vessels have called at Los Angeles Harbor since the 10th inst. but all had left their ports of departure prior to that date.

## PROMISES DRAUGHT

"We will have Japanese round-the-world liners and British and Norwegian ships coming in here until after next Thanksgiving that will not be affected by the liquor ban," said Mr. Putnam. "We will place their liquor stores on land while they are in port, but that is the limit of our authority. As soon as ships that are liable to come in, however, we intend to make them absolutely dry, whether they carry two quarts or an entire cargo of liquor."

A check of the several hundred foreign off-shore vessels en route to Los Angeles Harbor from all parts of the world shows that many of these vessels left their home ports as early as mid-March and early April, while all with the exception of the Cardiganhire sailed prior to the Volstead deadline, June 10.

DIES AFTER  
BEING HURT  
BY TRAILER

Boy on Bicycle Coasts Behind Truck and Falls Under Wheels

Harold Fassey, 14 years of age, died yesterday in the Receiving Hospital from injuries received when the trailer of a motor truck ran over him on Long Beach Boulevard. Police were searching for the driver of the truck last night, after Billie Loukalski, 10, companion of Fassey at the time of the accident, had informed them that the truck driver was aware of the accident at the time.

Yesterday morning young Fassey, whose parents live at 1500 West Sixty-ninth street, and Billie Loukalski, 1528 West Seventeenth street, were riding their bicycles on Long Beach Boulevard, when a truck with trailer attached approached. The boys grasped the trailer and were coasting along when in some manner young Fassey lost his balance and fell under the wheels of the trailer. His legs were almost severed, and his companion frantically sought aid. Three men, W. S. Charlton, E. A. Charlton and M. H. McAllister, all of 925 Olive street, Long Beach, found the boy lying on the road and, picking him up, placed him in their automobile and rushed toward Los Angeles. The Loukalski boy was also taken in the car, and the companion Hospital was reached, an attempt to secure medical attention was made. Because of the condition of the patients, it was found impossible to secure immediate aid for the injured boy at that place, and the men then drove to the Vernon Hospital, where the same conditions were encountered.

The boy was then rushed to the Receiving Hospital and Police Surgeon Dorn made a futile effort to save his life. It was found that his legs had been terribly torn and mutilated, and in spite of all that hospital attendants could do the boy died shortly after reaching the hospital.

Radio-Active  
Treatments to  
be Discussed

Explanation of the theories and practice of his radio-active system of the diagnosis and treatment of disease will be made here next Monday night by Dr. Albert Abrams, discoverer of the electronic reactions of the blood, who will stop in Los Angeles on his way to visit President Alvaro Obregon at Mexico City.

H. H. Harris, local attorney for Dr. Abrams, received a telegram yesterday stating that he had accepted the invitation of the Southern California Electronic Society to speak here. He will lecture in Trinity Auditorium. While the talk will be principally for the benefit of the medical profession, all interested laymen will be admitted. Dr. Abrams will arrive in Los Angeles on Sunday, coming by steamship from San Francisco. He will stay at the Alexandria while in the city.

Detained on Charge of Possessing Narcotics

Identified as Dr. H. C. Lake, who was arrested by the local division of the United States Marshall's office for possessing narcotics with a prescription, was shot and killed by Patrolman H. L. Bain.

It is asserted he attempted to escape after being arrested at First street and Broadway shortly before noon yesterday.

The result of a strategy on the part of the police, proprietor of the drug store and the officer's report, resulted in the arrest of a man whose name was not given.

He appeared on a bulletin board at all drug stores from United States Marshall's office.

The bulletin stated, he said, he was wanted was using the name of Dr. H. C. Lake and had the right to obtain narcotics from a regular doctor's prescription.

Arrested on RUMOR Highway at once gave him the name "Wall" while the police were at the drug store.

Both telegrams were addressed to Dr. H. C. Lake at a hotel here.

Police found among his personal effects indicated that he formerly lived in Annapolis, Md.

WIDOW IS FOUND The widow of the slain physician was located by Detective Lieuten-

### SCOPALOMIN TEST PLANS

Truth Impelling Serum to be Tried on Five Prisoners in Los Angeles County Jail Tomorrow

"The truth shall make you free." Bearing this biblical injunction in mind, five prisoners in the County Jail will submit themselves tomorrow to injections of scopolamin, the drug accredited with the power of eliciting the truth from those under its influence.

The tests were to have been made yesterday, but Dr. R. E. House of Ferris, Tex., who discovered the truth-compelling powers of scopolamin, remained in San Francisco for the day to continue his experiments there. He is scheduled to arrive here this evening and the tests will be conducted Saturday.

The prisoners who have announced their willingness to have their conscious minds anesthetized are Carl Dillard, accused of a statutory offense; Robert Lee, negro, held on a similar charge; Guadalupe Ramirez, accused of assault with intent to kill; H. J. Grable, former policeman, convicted of having received stolen property; and Robert Bost, accused of forgery.

The five main- tain that they are innocent and hope to vindicate themselves. Scopolamin is a narcotic alkaloid allied to strychnine, and has the effect of putting to sleep the cerebral part of the brain. It numbs the sensory cells without impairing the powers of speech or hearing. According to Dr. House, who

him. The bullet went through his heart. Searching through his personal effects, officers found two telegrams and other papers identifying the dead man as Lake. One of the telegrams was dated at Chicago on March 21 and read:

"Arrived O. K. Very lonely for my dear boy. Hope you are well. I am not at all well. Be careful Harry. Don't do anything that will spoil your career. Deedie."

The other, also dated in Chicago five days later, read: "Deedie unable to travel. Not at all well. Do not worry. We are trying to get her well. Hope you are well and happy. Mother."

Both telegrams were addressed to Dr. H. C. Lake at a hotel here. Police found among his personal effects indicated that he formerly lived in Annapolis, Md.

WIDOW IS FOUND The widow of the slain physician was located by Detective Lieuten-

ant Cahill at her home, 742 South Lake street, late yesterday afternoon. She is Mrs. Deedie Lake, a strikingly pretty woman, 35 years of age.

She identified her husband's body and stated that he contracted the drug habit while serving with the American troops overseas. He was struggling to break himself of the habit, she said.

ACCUSED OF ATTEMPTING TO MURDER Sarkisian Held for Second Assault; Bail is Increased From \$3000 to \$45,000

Louis Sarkisian, arrested May 10, last, on a charge of assault to kill Tevos Asadurian, 6610 Carlin street, and afterward released on \$3000 bail, was held in the County Jail last night in default of \$45,000 bail following an asserted second attempt to take the life of Asadurian and an asserted assault on Kenias Hicholien, who was at the home of Asadurian.

Sarkisian was arrested by Deputy Sheriff Wilmet, who answered a call from Mrs. Asadurian stating that the man who was asserted to have assaulted her husband was at their home threatening to kill Asadurian and his friend.

Sarkisian was taken before Dep. Dist. Atty. McClelland, who made a new complaint, charging attempt to commit murder on two men. The prisoner was then taken before Judge Avery in Superior Court, who raised the bail in the previous complaint from \$3000 to \$45,000, and before Justice of the Peace Hanby, who fixed the bail on the new complaint at \$20,000.

At a late hour last night Sarkisian had been unable to make the \$45,000 bail fixed in the two complaints.

EAGLE ROCK CAR SMASH VICTIM DIES Second Fatality of Collision Recorded; Motorman Held for Manslaughter

The second fatality resulting from the collision of an automobile driven by Mrs. Lydia Kennedy, 1437 Laurel avenue, and an Eagle Rock street car at York Boulevard and Glassell avenue last Tuesday came yesterday when Charles Kennedy died at the Clara Barton Hospital from injuries received in the crash.

Mrs. Lydia Kennedy, his mother, died shortly after the accident, and her daughter, Mrs. M. D. Johnson, also a passenger in the automobile, is not expected to live.

R. Gholsen, motorman of the street car, is held in the City Jail on two counts of manslaughter and his bail has been fixed at \$15,000. He will be arraigned today. Detective Lieutenants Lothhouse and Romero secured the complaints. It is asserted that Gholsen was piloting his car at a high rate of speed when it struck the automobile driven by Kennedy.

TALKS ON MEXICO AT KJH MATINEES Interesting and instructive lectures on Mexico have been given during the matinee program at KJH for the past several weeks by Dr. James D. Eaton, author of several books on the southern republic. Yesterday afternoon Dr. Eaton spoke on "Political and Social Conditions in Mexico," in which he dwelt on the domestic and governmental progress of the Mexican people.

Dr. Eaton, in his lectures, has revealed a sympathetic understanding of the Mexicans and a faith in the commercial stabilization of the country. His talks, in view of the present efforts of the United States and Mexico to arrive at amicable terms of intercourse have proved of exceptional interest to listeners.

### CITY READY FOR COOGAN PICTURE

Film Capital of Lavinia Built in Month

Cash Outlay in Construction Exceeds \$140,000

Home of "Long Live the King" Cinema Production

The City of Lavinia "opens its doors for business" today after a full month of labor by 350 artisans and the outlay of \$140,000. This is the capital city of the Kingdom of Lavinia, the locale of Jackie Coogan's present production, "Long Live the King," an adaptation of the novel by Mary Roberts Rinehart.

Twenty-five hundred extras, at an average of \$7.50 per day, and whose costumes represent an additional outlay of the same figure, will be employed for at least two full days on this set, bringing the total outlay for these scenes to a sum well over \$200,000. This figure is exclusive of the pro rata share to be charged for Jackie's salary and the cost of the cast which supports him in this production, or the overhead of production staff expenses.

More than 100,000 feet of lumber, 5000 pounds of spikes, 50,000 cubic feet of plaster, 2800 square feet of stone flagging, 100,000 feet of earth excavation for the canal and plazas in the set, and ninety loads of faced brick—these are just a few of the material items involved in the erection of this set.

The palace, modeled after the Castle of Neuchwanstein, in Bulgaria, covers \$40,000 square feet of ground and cost \$22,000; the cathedral, a true Gothic pile, towers 120 feet in air and cost \$19,000; the replica of the Dresden Opera-house meant an outlay of \$15,000; the inn, "At the Sign of the White Horse," cost \$12,000; and the other thirty-six structures, plazas, canal, bridge, stairs, and streets represent \$60,000 additional.

# Which Hand is yours?

If the pen you use is thicker, heavier, longer or shorter than a perfect fit for the size, shape, or strength of your hand, it interrupts the flow of nervous energy passing from the brain to the point of the pen in the act of writing.

This interruption, consciously or unconsciously, hampers the flow of thought, tires the hand, and may even cause writers' cramp.
